

eMudhra's Remote Signing Service

Automate Bulk Signing of Documents for Trust, Compliance, and Document Integrity

Embrace the new way of signing and approving documents in bulk using eMudhra's Remote Signing Service. Our service allows you to seamlessly sign (bulk sign) any number of documents using your Document Signer Certificate remotely hosted in eMudhra's Hardware Security Module (HSM). In the process, it can make your document signing and approval process 100% automated without any manual intervention, thus bringing the overall document processing time down by 80%.

Other Key Highlights

Global Trust Service Provider

eMudhra is a Qualified Trust Service Provider (TSP) in India, UAE, and Kenya. The company is also accredited with a TSP channel ecosystem spanning several countries across the globe. This enables us to address digital signature use cases across several jurisdictions.

Trusted by Adobe and Microsoft

eMudhra is a member of the Adobe Approved Trust List (AATL) and Microsoft Trusted Root Certificate Program. The digital signatures issued by us (for document signing purposes) are automatically trusted by Adobe and Microsoft programs.

Timestamping

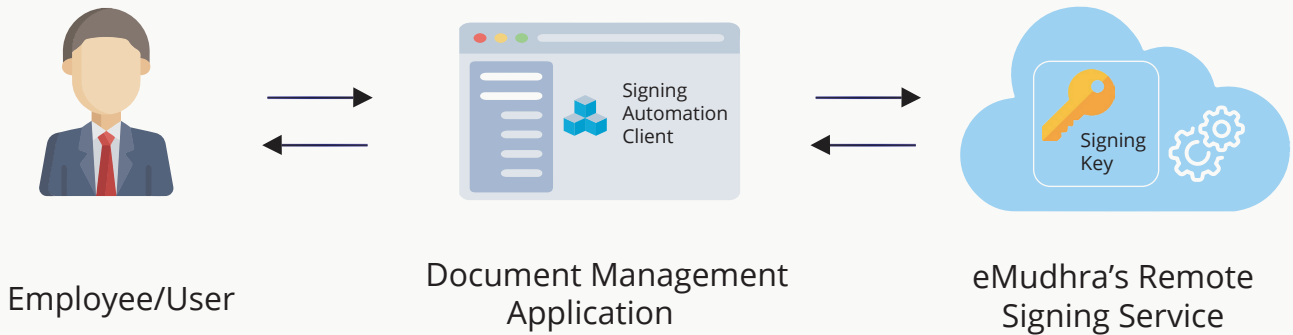

Every signing/signature activity can be timestamped with our RFC 3161- compliant timestamping service.

Better Security

eMudhra is a WebTrust accredited and ISO 27001 certified company that places highest emphasis on security.
